BETHEL AND VICINITY

Mrs. S. S. Greenleaf is confined to her home by illness.

Mrs. Beatrice Thompson returned home from the Rumford hospital Sunday.

Mrs. Odessa Foster is ill at the home of her daughter, Mrs. Harry Hutchinson.

Maurice Vail has returned to Connecticut, where he has employment on tree surgery.

Edward Robertson, student at the University of Maine, spent Saturday at his home here.

Mrs. Estella Goodridge of West Bethel spent Monday with her sister, Mrs. Frank Robertson.

Dr. and Mrs. F. E. Hanscom are visiting their son, Robert Hanscom, and family in Ashburnham, Mass.

Elias Robinson returned here Saturday from Wakefield, Mass., where he has been spending a few months.

Rodney Eames, who has had employment in Palmer, Mass., since Thanksgiving, has returned home for a while.

Mrs. Warren Blake has entered a Boston hospital for observation. She was accompanied by Miss Harriet Blake.

Dr. Frank E. Hanscom was the guest speaker at the weekly dinner of the Norway-Paris Kiwanis Club last Thursday.

Mr. and Mrs. Everett Faulkingham of Massachusetts were guests of Mr. and Mrs. J. B. Chapman over the week-end.

Mrs. Dora Brown, who has been spending the winter with her sister, Mrs. E. H. Smith, has returned to her home in Norway.

Miss Rosalind Rowe returned to Westbrook Tuesday night after spending the week-end with her parents, Mr. and Mrs. H. C. Rowe.

Mr. and Mrs. Hayes King of Acton, N. Y., and Mrs. Charlotte Poland of Woodstock were guests of Mr. and Mrs. F. I. French Wednesday.

Miss Lavina Smart has finished work for Mrs. Walter Jodrey and returned to her home in Dover-Foxcroft, where she will spend two weeks.

H. C. Rowe received painful injuries this Thursday morning when he accidentally stepped into the pit at Gurney's service station. Fortunately no bones were broken.

F. O'Neill Robertson, son of Mr. and Mrs. F. O. Robertson, a sophomore in the College of Arts and Sciences of the University of Maine, was recently initiated into the Veritas, German scholastic honor society.

Mr. and Mrs. E. E. Bennett, Arthur Bennett, Mr. and Mrs. F. I. French, Mrs. P. O. Brinck, Mr. and Mrs. Ernest Holt, Mrs. Gertrude Bartlett and Miss Mildred Bartlett attended Pomona Grange at West Paris Tuesday.

Rev. and Mrs. Herbert Wallace left early in the week for a few weeks vacation in Bradenton, Fla. Dr. Wallace will be absent from his pulpit for the remaining Sundays of March. In his absence Rev. John G. Manter of Upton will conduct the services in the Congregational Church.

Several ladies gave Mrs. Tena Thurston a surprise party Thursday of last week. A most delicious dinner was served at noon, followed by an afternoon of fun. Those present were Mrs. F. P. Flint, Mrs. Wallace Clark, Mrs. S. H. Browne, Mrs. Norman Sanborn, Mrs. Ralph Young, Mrs. E. H. Smith and Mrs. Lucien Littlehale.

Removal of a large elm tree on Harry Jordan's lot on Mechanic Street disclosed an interesting item. A hammock hook on the outside was partially grown in but still usable. Splitting open the trunk revealed a ring and staple inside the tree. A count of the tree rings outside the staple showed that it was driven into the tree at least 35 years ago. The galvanized staple showed no sign of corrosion, the points being as sharp and keen as now.

SMALL VOTE CAST AT LOCAL MEETING

Less Money Raised—Several Discussions—Sewer Appropriation Increased

With no contests scheduled the anticipated small vote came to pass Monday morning when the largest number of votes received by any candidate totalled 135. The candidates for re-election as selectmen, assessors, and overseers of the poor received respectively: Blaboe, 127; Howe, 121; Abbott, 102. Officers elected were:

Moderator—Hugh D. Thurston
Selectmen—Ernest F. Blaboe, John H. Howe, Carroll E. Abbott
Clerk—Alice J. Brooks
Treasurer—John M. Harrington
Collector—Walter E. Bartlett
Road Commissioner—E. P. Brown
Auditor—Fred B. Merrill
School Committee—John P. Butts
The afternoon session opened at 2 o'clock. The price for selectmen's services was fixed at \$3.50 a day for actual time served, and the road commissioner's pay at \$4.00—both the same as last year. The collector will receive 8 mills on each dollar collected, as before, although he made an effort to raise it to a cent on the grounds that it was getting harder to collect taxes. Response by Guy Bartlett that it was also harder to pay seemed to induce an economical turn of mind. The rate for collecting excise taxes remains at 15 cents per receipt issued.

The selectmen were authorized to appoint the other necessary officers not elected at the meeting.

The voters followed the recommendations of the budget committee in general. Although money was raised on two articles which the committee left to the vote of the town—\$61 for public health work and \$200 for advertising—and the sewer appropriation was \$900 more than recommended, the total is still \$1,029.98 less than last year's.

The anticipated debate on article 17, "To see if the town favors the employment of a clerk for the superintendent of schools and payment for the same from the school fund," took more time than any other matter. Hermon Mason moved to pass over the article, seconded by F. E. Russell, who then presented his objections to the town's participation in financing the new position. He contended that the hiring of a clerk is unnecessary and that the joint committee (of which he is chairman) had no right to take such action without authority from the voters of their towns. Supt. Carrie Wight stated that she wished to act in accordance with the wishes of the joint committee, and offered a letter from Commissioner of Education Packard, which was read by Principal Philip Sayles of Gould Academy, to the effect that the matter of clerk hire could properly be considered a function of the joint committee of the school union. When finally brought to the voting point, the article was passed over decisively without learning the town's opinion of either side of the question.

On motion of Fred Gordon to pass over the article to raise money to continue a WPA project, some discussion arose. The motion was amended and \$600 was raised as the committee had advised. Due to the condition of the Railroad Street sewer, which has arisen since the meeting of the budget committee, it was voted to raise \$1,000 instead of the usual \$100.

The advertising appropriation was supported by H. I. Bean, and was carried by a large majority in spite of a pass over motion offered by Fred Clark. The Bethel Band's stipend, with little said in its behalf, survived the arguments of Henry Boyker who felt that while

BETHEL BAND ELECTS OFFICERS

At a meeting of the Bethel Band at the I. O. O. F. Hall last Wednesday evening, the following officers were elected for the coming year: President, Arthur Dudley; Vice-President, Jesse Doyen; Secretary, and Treasurer, Ralph Young. The members voted to give a concert as a part of the entertainment to be sponsored by the Mothers' Club at Odeon Hall soon, and it was also decided to give a free concert at a convenient date.

FRANK J. RUSSELL

Frank J. Russell died at his home in Norway Sunday evening after a long period of failing health. Mr. Russell was the oldest male resident in Norway. He was born in Bethel May 9, 1849, the son of Ezekiel Dustin and Harriet Verder Russell, one of twin sons in a family of six children.

Mr. Russell married Adusta Bean of Bethel in 1874 and they celebrated their golden wedding three years before her death which occurred 11 years ago. He carried on a farm at Middle Intervale and held several town offices. He was a selectman of Bethel nine years. After selling his farm he was employed as cabinet maker at Hanover. He later went to Norway with his daughter, Miss Maude Russell and bought the Pierce property which they since conducted as a home for aged people.

He was a member of Bear River Grange, Newry Corner. One of his greatest enjoyments was attending the meetings of the Three Quarter Century Club. Besides his daughter, several nieces and nephews survive.

Funeral services were held from Greenleaf's funeral home Wednesday afternoon at three o'clock. Rev. Rensel Colby of South Paris and Rev. Warren Palmer of Norway officiated. Interment was at Hanover.

the band was an unquestioned asset and deserved support, town money should not be raised for it.

GARDEN CLUB OF BETHEL

The Garden Club of Bethel held their first meeting of the season with Miss Sarah Staples at the Students' Home Wednesday afternoon. In the absence of Mrs. G. L. Thurston, Mrs. Sayles gave Mrs. Thurston's lecture on "Planting and Transplanting." Miss Margaret Lundy gave a talk on "Conservation of Wild Flowers." Both of these talks were very beneficial and interesting. Tea was served the guests.

Anyone desiring tickets for the Boston Flower Show are to communicate with Mrs. Milton B. Pratt.

PURITY CHAPTER, O. E. S.

Purity Chapter, O. E. S., held a meeting last Wednesday evening preceded by a supper at which 36 were present. The degrees were conferred upon one candidate, Miss Louise Foster. Worthy Patron Arthur Cutler installed Mrs. Alice Littlehale as Associate Conductress, and Mrs. Winona Cutler as Treasurer. It was voted to invite Jefferson Chapter, Bryant Pond, to attend the April meeting, and the following committees were appointed: supper, Mrs. Freeland Clark, Mrs. Elizabeth Garey, Mrs. S. H. Browne, and Mrs. Ordell Anderson; program, Mrs. Ralph Young and Mrs. Earl Davis. It was announced that a party to raise money would be held at the regular meeting of the Ways and Means Club March 15 at the home of Mrs. Arthur Cutler.

JUNIOR GIRL SCOUTS

The Junior Girl Scout troop held a short business meeting at Mrs. Howard Hunt's Friday with 10 girls present. Marilyn Marshall received a cook badge. All the girls went on skis or snowshoes and enjoyed a hike. They had hopped down maple syrup on snow. A trail was made by three girls and was followed by the rest. They returned home about five o'clock. Several girls are now working for their First Class Rank.

BUY WILDLIFE RESTORATION WEEK POSTER STAMPS

By official proclamation of the President of the United States, the week of March 19-25 has been designated as National Wildlife Week. The purpose of this national accent on wildlife is to remind the general public from coast to coast that coordinated effort is most necessary to protect what is left of our natural resources and to restore what can be brought back.

The major fund-raising activity for the National Federation as well as for the State affiliates will be the sale of Wildlife Poster Stamps in sets of 80 beautiful wildlife designs of fish, flowers, birds, mammals and trees in full colors.

When you buy a one dollar sheet of these full color stamps designed by the country's leading wildlife artists, here's what happens to your money: 65c goes to the National Federation to defray stamp printing expenses, to pay for their national conservation activities such as education work in schools, the radio and the press, research, legislation helpful to wildlife, etc. 35c stays within the State of Maine. This 35c is divided as follows: 15c to the conservation fund of any organization that wishes to use the 15c for its conservation projects, and the balance of 20c to the Maine Wildlife Restoration Week Committee. Of this 35c which stays within Maine every penny will be spent for conservation.

B. Walker Abbott of South Paris is County Chairman. Mrs. R. R. Tibbets has the stamps for sale in Bethel. She urges your interest, inspection and cooperation now.

IDEAL MOTHER-IN-LAW... Because she never argued, meddled, lost sense of humor, criticized or held preferences, Mrs. Lorna Doone Mitchell, shown here, was named ideal mother-in-law by Mother-In-Law Association, numbering more than 1,000 members, at organization's first meeting in New York.

NO BELL "BUOY"... After factory wall had fallen on newest air raid shelter in London, door opened and out popped pretty maid without a speck of dirt on her neat ensemble. These bomb-proof "bells" may be widely adopted as part of air raid precautions campaign in England.

HINTS OF SPRING... Little Red Riding Hood has stepped right out of story books into a spring fashion picture with this basque-like dress of navy blue silk and rayon crepe and hood lined with same fabric in citron color. When not worn on head hood falls as cowl collar.

WINNING WAYS... Outstripping field of nine fastest sailing boats afloat Robert W. Johnson's fleet Stormy Weather, New York Yacht Club entry shown here, captured Miami-Nassau race for third consecutive year by covering 184 nautical miles in 24 hours, 36 minutes and 52 seconds.

STYLE IN SNACKS... New note in trend to glass-walled kitchens is this snack bar introduced in Chicago home furnishing show, featuring agate-colored vitrolite. Back-bar is solid-color structural glass, topped by double-glazed figured panel for lighting.

PROTECTS SHOPPERS... Consumers were relieved of threat to living standards when Judge W. M. Hargest held Pennsylvania chain store tax "unjust, confiscatory and illegal". Decision, following closely New Jersey Supreme Court opinion voiding self-service market levies, indicated trend away from all punitive taxes on retail outlets.

"For Colds - Salicylate Alkaline Medication"

That's what modern doctors say. That's what Alka-Seltzer is. Instead of being administered in two disagreeable doses, Alka-Seltzer furnishes this medication in one pleasant drink.

If you ever used anything more effective than Alka-Seltzer for Acid Indigestion, Headache, Muscular, Rheumatic and Sciatic Pains, we will refund the money you paid for your first package.

BE WISE-ALKALIZE!

Origin of Diamonds

Much doubt exists as to the origin of diamonds. The French geologist, De Launay, argued that diamonds came up from the bowels of the earth. This view seems to be supported by the fact that their occurrence is apparently independent of enclosing rock, whether it is the carbonaceous shale found at the surface, or the underlying diabase and quartzite. The conditions necessary to the crystallization of carbon in the form of a diamond seems to be intense heat and great pressure such as exist during the forming of igneous rocks.

Factors Governing Value of Pearls

Wade's "Text Book of Precious Stones" gives the factors governing the value of pearls in this order: orient or luster, color, texture of skin, shape and size. The unit of weight is the pearl grain, which is one-fourth of a diamond carat. The value increases as the square of the weight, apart from other factors.

Allowed Pint of Applejack

America's first temperance societies pledged their members to a limited consumption of alcoholic beverages, not to total abstinence. One such organization, formed in Morristown, N. J., in 1825, notes a writer in Collier's Weekly, required that each member reduce his drinking to one pint of applejack a day.

BETHEL AND VICINITY

Continued from Page One
Marshall Philbrick is in Boston
for a few days.

Mr. and Mrs. Milton Pratt spent
the week-end in Portland.

Rodney S. Linnell of Peru was
in town on business Tuesday.

Mrs. Harold Eames of Berlin
was at Mrs. J. B. Chapman's Sun-
day.

Mr. and Mrs. George Dresser of
South Paris were at Mrs. Sadie Al-
len's Sunday.

Mrs. Tena Thurston and Mrs.
Ralph Young are spending this
week in Portland.

The Neighborhood Bridge Club
met at the home of Mrs. E. I.
Brown Monday night. Mrs. Charl-
Gorman received first prize as
Mrs. Blinn Collins, the consolation.

The Boy Scouts met for the
regular meeting Monday evening
at the Legion Rooms, led by Riel
and Kirk. Signalling, both sem-
phore and deaf and dumb, was
practiced. Robert Greenleaf pas-
sed First Class Service in Uniform.
Robert Greenleaf and Glendon Mc-
Allister passed Deaf and Dumb
Language. The ping pong conte-
st was continued. The meeting clos-
ed with the Scout Cheer. The ne-
meeting will be held on Tuesday
night rather than Monday because
of the Corporation meeting.

The Age of "Less"

This is a topsy-turvy world,
what with wireless cookers, wire-
less telegrams, horseless car-
riages, seedless grapes and
spineless cacti.

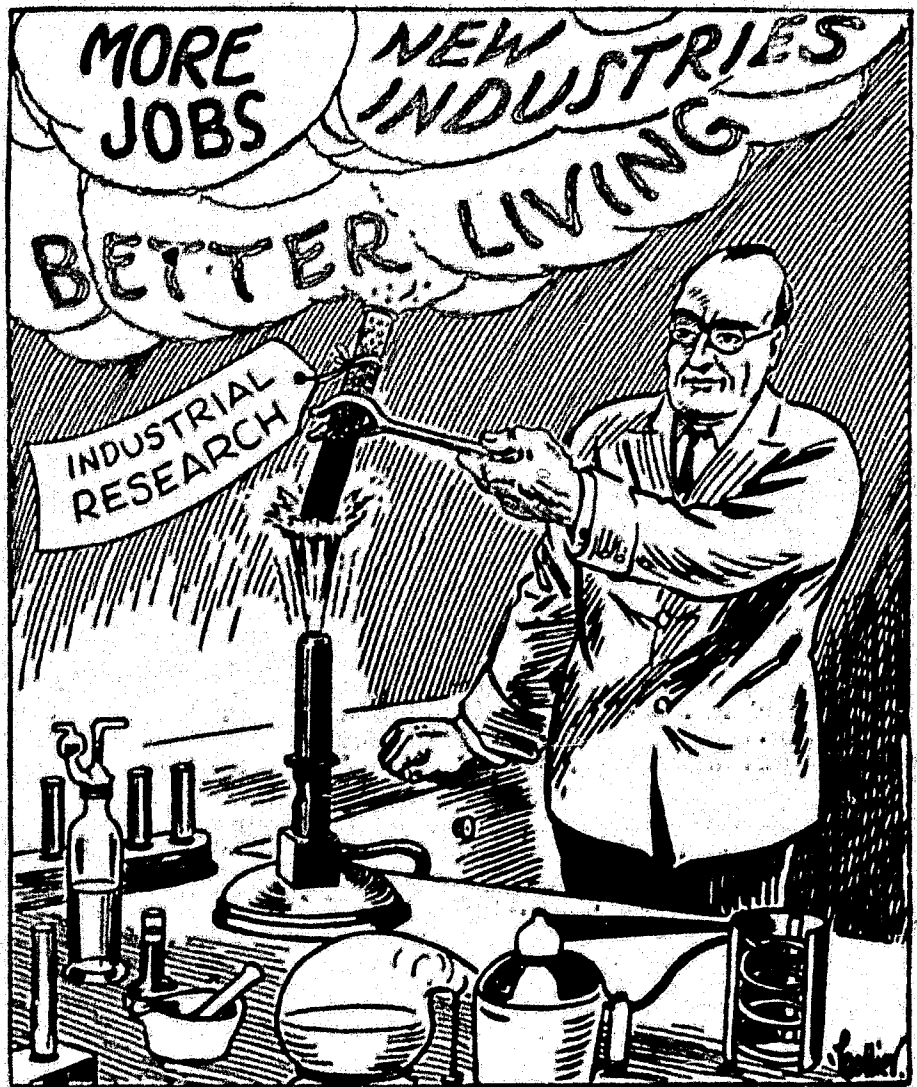

There is more of "less" every-
day. Today it is smokeless
powder; tomorrow it may be
horseless cabbages or costless
merchandise.

And speaking of merchandise
... remember that the goods
you buy from advertisements in
this newspaper actually cost
less for the same high quality.
That's one reason why people
read our ads so carefully, why
they do their family shopping
through the family newspaper.
Also, that's why this isn't an
endless paper!

Not Named After Birds

The Canary Islands weren't named
after the birds. It was the other
way around. The islands were
named for big dogs found there
nearly 2,000 years ago. "Canis" is
Latin for dog. Hence Canary.

Oldest Workman's Compensation

The oldest known attempt to pro-
vide workmen's compensation is the
agreement, in a Roman district,
that a vine trimmer killed in his
work must be given a funeral pyre
and grave by his employer.

The SNAPSHOT GUILD

ENLARGEMENTS

Trimming and enlarging improve a
picture. Both small and large pictures
here were made from the same nega-
tive. Any picture can be enlarged.

camera, and showed up too large
in the finished picture. The nega-
tive was "masked" in making the
enlargement so that only the head
showed. Result: a much better pic-
ture.

When you get a good picture, en-
large it! Any good snap is better
when it's big. Enlarging "opens
up" the details—lets you see inter-
esting things you didn't see before.
And a large picture just naturally
has more appeal to the eye. Give
a person two pictures, equally good,
and he will automatically look at
the larger one first. Moreover, he
will look at it longer.

Don't let small size or surplus
material handicap your pictures.
Any snapshot can be enlarged some-
what, and some, especially those
made on fine-grained film, can be
increased many times in size. Very
likely you have pictures in your
album right now, that, if enlarged,
would be worth framing and hang-
ing in the home. Try it. You may
discover you're a better snapshotter
than you thought!

GOULD ACADEMY

Miss Mary Soule of Augusta has
been appointed Instructor in Speech
and Reading at Gould Academy to
fill the vacancy caused by the ill-
ness of Miss Dorothea Shute. Miss
Soule is a graduate of Gorham
Normal School and Emerson Col-
lege of Boston, Mass., and has done
post-graduate work at the Univer-
sity of Maine. For the past four
years she has filled the position of
Instructor of Speech and Dramatics
at Cony High School at Augusta.

The finals in the girls' basketball
tournament were played off Mon-
day with the Sophomores and
Freshman game ending in a tie
score and the Seniors defeating the
Juniors, making the Seniors the
undefeated champions.

Mrs. Lettie Hall

"Blowing Your Own Trumpet"
When we speak of the fellow who
"blows his own trumpet" we refer
to his habit of indulging in self-
praise. The phrase comes from
the ancient custom whereby the
name and rank of knights and other
important personages were an-
nounced at banquets, balls and other
functions by heralds, who usual-
ly preceded the announcement with
a flourish on trumpets, says Pear-
son's London Weekly. Those who
had no social standing were left to
"blow their own trumpet," or, in
other words, to make their pres-
ence known to one another without
being announced.

Sportsmen's Tax Claimed for Wildlife By National Federation

WASHINGTON, D. C.—The voices of conservation in America will be raised emphatically during the present session of congress, it was announced today from headquarters of the National Wildlife Federation.

The legislative program of the Federation, says Carl D. Shoemaker, executive secretary, calls for the carrying out of the purposes of the Pittman-Robertson act, support of the Izaak Walton League's anti-pollution bill and the setting up of projects for improvement of fishing by the states. A 10 per cent tax on fishing tackle is proposed for this purpose.

The Pittman-Robertson act earmarked excise tax funds from the sale of arms and ammunition for use in the states for wildlife restoration.

States Benefiting

About 20 states already have set up Pittman-Robertson projects approved by the Bureau of Biological Survey.

Through Federation activity, an advance appropriation of \$1,000,000 was made to enable these projects to be launched without waiting until June 30, this year, for the tax funds to be available.

Meanwhile the current budget allows \$1,000,000 for Pittman-Robertson operations, although it is estimated that there will be on hand \$2,250,000 from sportsmen's tax payments. Taking out the advance of \$1,000,000, there would be left about \$2,250,000 for the nation-wide restoration projects in the states. By the end of 1939, more than 40 states probably will be in line for Pittman-Robertson benefits, consisting basically of research and of land management for the increase of valuable wildlife.

The excise tax on sporting arms

and ammunition now requires legislative renewal every two years. It automatically expires next June. It is proposed to make the tax permanent.

Wildlife Refuge Earnings

There are nearly 300 wildlife refuges administered by the Bureau of Biological Survey. Many of them yield incomes, from hay crops, fur and various leases. This income now goes into the Federal treasury, and will amount within the next year or two to between \$1,000,000 and \$1,500,000. The Federation urges that this sum be earmarked for administration of the refuge system.

The Izaak Walton League has again brought to Congress a bill for the control of stream pollution on a national scale. This is in line with one of the declarations of policy made at the time the National Wildlife Federation was formed. In the last congress an anti-pollution bill, sponsored by the Izaak Walton League, was amended until it lost all effectiveness, and was vetoed by the President.

The Federation gives its full support to this new measure.

"At the proper moment," Mr. Shoemaker explains, "the State Federations and their affiliated organizations, such as sportsmen's clubs, Garden Clubs, youth groups, farmers and business men, will be given full information as to what is pending, and what should be done to help. Then, they can follow the recommendations of the Federation if they see fit."

"The Federation is a servicing body, with two aims—keeping the public informed what is doing politically in relation to wildlife, and building up an adequate program of education in the fundamentals of conservation."

Forced to Live on Boats

The Tanka of China are the only people, so far as is known, who were ever forbidden to own or to live on the land of their country. Until the downfall of the monarchy in 1912, observes Collier's Weekly, they were made to live on boats or in pile dwellings on the waterways in and around Canton. They were also prohibited from intermarrying with land people and attending land schools.

Cause of 'Pins and Needles'

The curious sensation known as "pins and needles" usually happens after we have been using a position—such as sitting with legs crossed—which slows down the circulation of the blood. Then, when we straighten ourselves out and the blood can flow freely again, comes the prickly sensation.

How We Know Earth Is Round

The shadow of the earth on the moon, during an eclipse, is curved; men have sailed around the world; ships in sailing away from shore gradually disappear over the curved horizon. These are some of the reasons we know the earth is round.
